Booth S1210

Zilo Diffuser Sticks eliminate odors naturally. The slender, decorative 10-inch sticks feature small metal bands made of a high-grade stainless steel alloy with countless small grooves that pull odors out of the air and neutralize them. When combined with air and water, this alloy causes odor molecules to disintegrate. The sticks come in white, blue or black. A set of five sticks covers an area as large as 270 square feet.
