fresh solutions®

Who would have thought that our lives would turn out like this! Monika arrived in New York City in 1986, precisely on Bernard's birthday. We met two weeks later by a series of unbelievable coincidences, got engaged three months later. In early 1988 we founded Frieling USA and on 8-8-88 we got married. So 2018 offers many reasons to celebrate!

A lot has changed in three decades: We were so excited to be among the first companies with – drumroll! – a FAX machine! One day in late 1988 a "prospect" called us from a far-away state, Wisconsin. How did he hear about us, how exciting! In January 1989, we attended our first trade show.

Our assortment has changed over the years, and our product categories have shifted, but our passion for quality and innovation has remained the same, if not grown even stronger.

We are most proud of and thankful for our amazing team of dedicated associates, committed representatives, and ingenious manufacturers. Together we do the best we can every day to service our customers in North America and some 70 countries around the world whose loyalty we appreciate very much.

30 years have given us a rare opportunity to form precious friendships while building our business.

Thank you all for helping us live the **frieling feeling™** every day.

Monika M. Schnacke
CEO

Bernard U. Schnacke
President

Cools and dispenses coffee cream anywhere

PROFITABILITY

- Pays for itself in no time!
- Saves time and labor
- Reduces costs for dairy/cream

Your average customer will take 7 single creamers, but only use 3 or 4

Don't let your profits walk away

The average coffee shop throws out over 3 gallons of unused milk every week

***Don't pour profits down the drain
Save up to \$9,000 annually****

* compared to using individual creamers; depending on individual set-up and volume.

SPECS

- NSF certified
- ½ gallon capacity
- LCD display: 8 dairy choices in 5 languages (C or F)
- Output: 12V/5A/50W
- Power: 100-240V/50-60Hz/1.5A
- 1 year warranty
- Patented

THE SOLUTION FOR COFFEE STATIONS

- Keeps dairy at a constant 41°F or below – food safety guaranteed
- Exceeds NSF20 standards
- Saves time and money

EASY TO USE

- User friendly for both customer and operator
- Refill in a snap: Choose between reusable containers or paper cartons from your milk supplier
- Can be connected to any espresso machine with a frothing nozzle and milk adapter

INNOVATIVE

- Compact size; quiet operation
- Display alerts when milk is low or when temperature has risen above a safe level due to a power outage
- Drip tray included; removable for connection to sub-counter drain
- Interlocking platform connects multiple units (if desired)

MILKCHILLER™ II STARTER KIT

COOKWARE

BLACK CUBE™ COOKWARE

World's first hybrid cookware with the ultimate cooking surface
cooks like stainless steel and cleans like nonstick

- browns food like stainless steel
- is durable like stainless steel

- needs less oil like nonstick
- cleans like nonstick

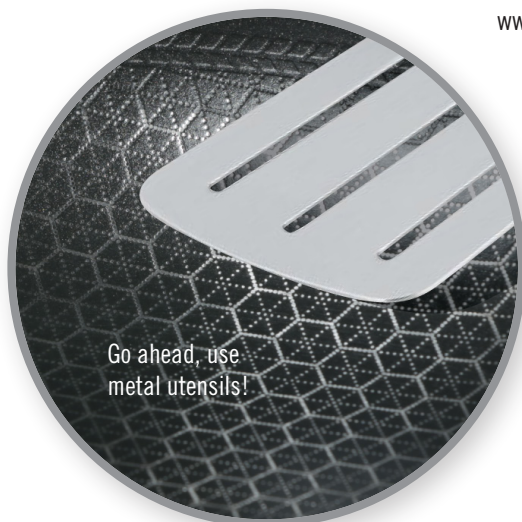

3-ply: stainless/aluminum/stainless

- For all cooktops including induction
- Heats up within 2 minutes
- Oven safe up to 500°F
- Dishwasher safe

- PFOA free coating
- Patented (0132-P0122A)
- NSF and CE certified

See our demo at:
www.frieling.com/blackcube

Go ahead, use
metal utensils!

Food cooks on raised stainless steel pixels.
The recessed layer of nonstick coating makes
for easy cleanup and minimal oil use.

Built to last!

Lasts 4 times longer than a traditional
nonstick pan and gives the customer a better
taste and texture.

DIAMOND

LITE

- Diamond reinforced nonstick coating
- **Outlasts traditional nonstick coatings**
- Excellent release properties
- Even heating for browning and searing
- Outstanding heat retention
- Made in Germany

Superior quality construction:

- 5 Diamond reinforced top coat
- 4 Base coat providing the long-lasting nonstick effect
- 3 Unique anti-corrosion layer (primer)
- 2 Extremely hard, cut-resistant base layer:
Diamond crystals are bonded to the aluminum
- 1 Sandblasted aluminum

NOTES

Brands of Distinction

Caso was founded in Germany in 2002 and quickly became a market leader with their innovative yet timeless small electrics. Dare we say, they just do it better!

Cilio and Frieling have been partners for more than two decades. This fine German brand is headquartered in the famous steel town of Solingen and well known for its high-quality tabletop, serving and bar accessories.

Küchenprofi means "kitchen pro" in German, and the collection has been living up to its name since 1988. This broad assortment of highly functional kitchen tools will excite everybody's imagination.

Leonardo, a 5th generation family business, was founded in 1859 and its brand launched in 1972. Year after year Leonardo brings trend-right, yet timeless designs and innovation to market.

WOLL produces high-end diamond nonstick coated cookware exclusively in Germany. Founded by a professional chef, the company is now in its second generation of family ownership. WOLL® uses state-of-the-art technology to provide you with extraordinary cast cookware.

Zassenhaus celebrated its 150th anniversary in 2017! The brand has made its mark with pepper, spice and coffee mills. Founded in 1867, the company introduced its first pepper mill in 1904 and has a storied history of innovation - including the first continuously adjustable grinding mechanism made from high-quality German ceramic.

Please see our separate catalog for our large selection of fine porcelain:

Seltmann Weiden has been manufacturing porcelain dinnerware exclusively in Germany since 1910. Now in its fourth generation, this family owned factory is renowned for its superior design and performance.

HOSPITALITY 2018/2019

Our policy is one of continuous improvement and we reserve the right to change specifications without notice.

ECO-FRIENDLY
COMMITMENT

Frieling is ever conscious of the impact humans have on the environment and is committed to minimizing its imprint.

We reuse shipping materials to the extent possible, we are paper free as is practical, and we constantly challenge ourselves to reduce, recycle, and reuse even more.

Our packing materials are made of 100% recycled material; our shipping boxes are composed of up to 30% recycled cardboard. Both are 100% recyclable.
