Brands of Distinction

Black Cube offers the world’s first hybrid cookware with the ultimate cooking surface. As an innovation award winner, Black Cube aspires to bring you the best in stainless nonstick cookware.

The famous steel town of Solingen is home to the German brand cilio, a partner of Frieling for more than two decades. Cilio is well known for their high-quality tabletop, along with their serving and bar accessories.

The Swiss maker of durgol, Düring AG, has been a family business since 1951. Since the beginning, Düring AG has strived to ensure that durgol products undergo continuous development so they remain highly effective and safe for the planet.

Since 1909, Helios has focused on superior quality insulated servers for hot and cold beverages. Helios is a third generation family business and their 100+ years of experience in developing and manufacturing high quality insulated servers are reflected in today’s product line up.

Ja by Frieling features an array of exceptional teapots and accessories made following Japanese tradition. Each product is lovingly made to the highest possible standards in a traditional sand casting process to provide an individual, yet sustainable product that will last.

Küchenprofi was founded in Germany in 1923. Designing top tier items has distinguished this brand as one of the best in the industry, and they love bringing imagination and creativity to the kitchen and overall cooking experience! Frieling proudly brings their design of hand tools, salt and pepper mills, and more to the US market.

LEONARDO

This family owned business was founded in 1859 and is now one of Europe’s leading glass suppliers. Leonardo conveys the Italian sense of life and brings trend-right, yet timeless designs and innovation to the market year after year. This brand aspires to produce exceptional products while ensuring quality, innovation and design are represented in each piece.

Founded in Germany in 1979, Woll is now in its second generation as a family-owned business. They use state of the art technology to provide extraordinary cast cookware and their high-end diamond nonstick coated cookware is made exclusively in Germany.

What began in 1867 as an export business supplying small steel goods and tools, Zassenhaus has become the epitome of high quality spice and coffee mills. Classic and timeless styles paired with function and design innovation make Zassenhaus a brand you need in your home.

Established in 1885, Zenker has linked quality and tradition for more than a century. High quality coatings, exceptional and clever cake molds and practical tools are only a few examples of the extensive range of products. Made in Germany, Zenker represents quality you can trust, creative designs, with tried-and-tested practicality.

What is the frieling feeling?

It’s a feeling of aspiration – Our products are curated for our consumers. Frieling caters to those who love cooking and entertaining as much as we do.

It’s a feeling of pride – Frieling is highly selective. We are only interested in true brands of distinction, with original ideas and the highest standards of product quality. We also take pride in our business practices focused on efficiency and customer service.

It’s a feeling of exploration – There’s always something new and better. Our business gives us the opportunity to explore fresh ideas from around the world, and we bring them home to you.

It’s a feeling of gratitude – We greatly appreciate our customers, suppliers, service providers, and our dedicated team of associates and representatives. Frieling gives us the opportunity to form fulfilling friendships while building our business. Thanks to partners like you we were awarded "Best Customer Service 2019" by the Gourmet Catalog Buying Group!

It’s a feeling of heritage – Thirty-two years ago we started down this path. So many memories, and so many changes. Our product assortment has evolved over time, along with cooking and entertaining trends, but our passion for quality and innovation is a constant.

It’s even a feeling of love – The two of us were married in 1988, the year the company was founded, so the stories of our marriage and our company are intertwined. Frieling is truly a labor of love!

It’s a feeling of adaptability – Things are always changing and our team is able to adapt to whatever challenges come our way! Whether it is changing processes to be more efficient or bringing new product videos and demos right to your living room when you can’t travel, we have the ability to deliver.

INSULATED COFFEE MAKER

Keep your favorite coffee  
deliciously hot 4x longer.  
100% stainless steel,  
no plastic anywhere.

2017  
**WINNER**  
HOUSEWARES  
DESIGN AWARDS.  
Tableware, Serveware & Beverage

## FRENCH PRESSES

Award winning and top-rated by countless magazines and coffee aficionados - A favorite in the best hotels and restaurants. Available in two exterior finishes. No more sediment in your cup!

### What makes the iconic Frieling French Presses different?

**Zero sediment in the cup thanks to a patented two-stage filter system:**

Pre-filter plus a patented Italian super-fine mesh

Metal wire inside the coil presses plunger more strongly against inside wall

**Double-wall insulated body and lid:**

Retains heat better than glass

Stays hot up to 4 times longer

**No-drip spout:**  
No need to worry about your linens

Smooth pouring performance

**Stainless steel construction:**  
Durable 18/10 stainless steel inside and out

No more broken glass or corrosion

All parts are dishwasher safe

Don't forget your scoop!  
See page 16 for stainless steel accessories.

*I recently purchased the 17 oz... so glad I did, my search is over. – Barbara B.*

**HOT&COLD BREW INFUSER**  
Here's a stylish way to make either hot coffee or a popular cold brew (super clean and easy!).

- 34 fl. oz., 9.5" H
- Removable stainless steel micro-etched fine filter
- Borosilicate glass to handle the heat
- Includes lid
- All components are BPA free and dishwasher safe

**Easy to use:**  
For hot coffee, fill the filter with 6 tablespoons of coarsely ground coffee, add hot (not boiling) water, stir, and place lid on top. Allow to steep to your liking (3-4 minutes). Lift filter out if you wish to stop the brewing process, and serve.

For cold brew concentrate, fill with 2.25 oz. of coarsely ground coffee, add cold water, stir, and place lid on top. Let it steep at room temperature for 16 to 24 hours; remove the filter and replace the lid. Chill for at least 2 hours and use within 5 days. To serve, dilute this concentrate with an equal amount of milk, half-and-half, or water. Optional: sweeten or top with ice.

DESCALERS

Trust durgol®, the World Market Leader

durgol® was invented in Switzerland in 1951. Over the years, this formula has been further perfected to become the world market leader in descaling.

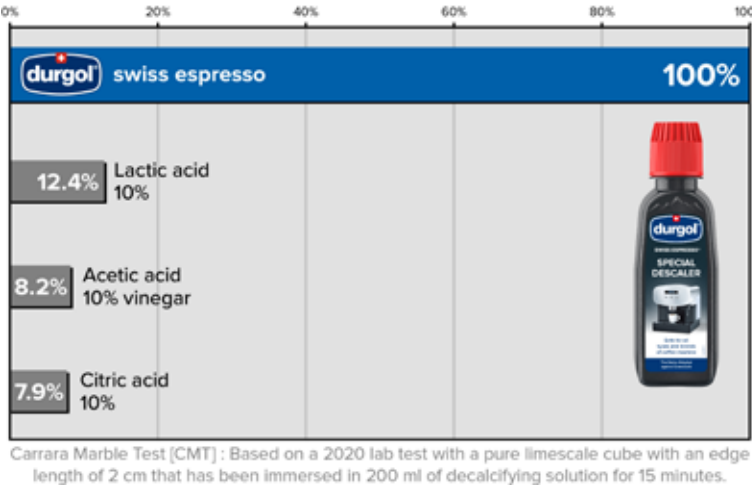

DURGOL® SWISS ESPRESSO

- No need to stock a different descaler for each brand or type of machine you carry!
- durgol® swiss espresso thoroughly & gently cleans them all
- Specifically formulated (with an anti-foaming agent) for fully or semi-automatic, capsule or pods coffee & espresso machines

Removes 100% of limescale!

Other descalers don't come close to durgol's effectiveness, they only remove an average of 10% of buildup.

Miracle product - saved my neglected espresso maker! – bookem dano

Nothing works better

- ✓ safe for ALL brands
- ✓ no residue, no odor, no aftertaste
- ✓ extends the life span of the machine
- ✓ environmentally safe; 100% recyclable PET bottles
- ✓ made in Switzerland

Nothing is easier

- ✓ ready for use
- ✓ no need to dissolve in water (unlike powders & tablets)
- ✓ fast, yet effective
- ✓ powerful, yet gentle to the machine
- ✓ regular use ensures optimal coffee/espresso quality

Commercial size is perfect for appliance service centers, coffee shops, high traffic office environments etc.

DESCALERS

MILK SYSTEM & FROTHER CLEANER

Food safety dictates that an appliance that comes in contact with milk MUST be kept 100% clean. durgol®'s newest formula makes this task easy:

- Completely removes all milk fat, bacteria, and other residual build-up
- Results in top quality Caffè Latte and other milk-based specialty drinks
- 1 bottle for 10 applications
- Leaves no residue, contains no colorings or fragrances
- Sanitary, yet gentle to the equipment

FAST & EFFECTIVE  
•  
SANITARY

EASY TO USE  
•  
FOOD SAFE

Amazing stuff... multiple uses – Julie

DURGOL® UNIVERSAL

- Multi-purpose descaler for countless household items
- For coffee machines, kettles, ceramic tile, faucets & more
- Works 5 to 10 times faster than other brands

- ✓ Safe for all brands of drip coffee machines
- ✓ Easy to use

ITEM #	DESCRIPTION	UPC / EAN
0296	durgol® Universal Descaler, 16.9 fl. oz.	728547002966
0298	durgol® Universal Descaler, 25.4 fl. oz.	728547002980

DURGOL® SWISS STEAMER®

- Specifically formulated to decalcify all brands of built-in steamer ovens
- For optimal quality of steamed foods
- Regular use ensures proper functioning of the appliance

Heated or standing water causes limescale. Limescale buildup is not only unsightly when visible, but it poses a real danger where it isn't seen – inside appliances (from coffee/espresso machines to steam ovens). That is where – just like bad cholesterol – deposits will clog and corrode the interior over time. That is why machines must be descaled regularly.

NONSTICK COOKWARE

CONCEPT PLUS

- Patented, 3-position vented glass lid with silicone rim fits into specially designed side handles
- Diamond reinforced nonstick coating on pots (see Diamond Lite)
- Multi-function silicone insert can be used as pasta insert, steamer, colander, trivet, or splatter guard. Insert is dishwasher safe and oven safe up to 500°F

1. NORMAL LID POSITION

Firmly in place for heating, simmering or steaming at vitamin-friendly low temperatures.

2. RAISED LID POSITION

The lid is placed on the side handles, and is thus raised by about 3mm so the steam can escape. It is also ideally suited for fast, easy, and safe draining.

3. PARKED LID POSITION

The lid is tucked into the side handle, and the pot is uncovered. The new functional design ensures that the condensation runs into the pot.

Precision ceramic grinding mechanism inside all Zassenhaus salt and pepper mills:

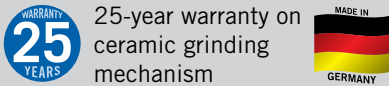

Stainless steel spindle ensures optimal alignment, resulting in 100% uniform output 100% of the time.

- Two-stage process:
- 1) Spice is coarsely cracked
  - 2) Spice is cut (not crushed) to desired degree

Hardest ceramic material remains sharp forever.

Ring to adjust the grinding degree  
Selected setting is visible at all times and remains set until you change it.

LIVE-EDGE WOODEN SERVING BOARDS

Each wood board is crafted with a beautiful, natural bark décor all around it. Wood is sourced only from sustainable forestry practices and surface sealed with a special heat treatment. Because this line is made of natural wood, size will vary from item to item. Round boards will not be perfectly circular and will have the natural contours found in all wood. Serving paddles will not be uniform and will have slight variation in size and shape. Measures approximately 1.2” thick. Because this is a natural product, wood sizes will vary from: 15”-18” for Large Boards, 9.5”-12.5” for Medium Boards and 6”-9” for Small Boards.

You already know the many advantages of the durgol® brand from its super effective and bestselling descalers. The same efficiency is also available for a quick and thorough cleaning of the entire kitchen and bathroom:

- Highly effective without effort: Simply spray directly on surface (or use a sponge), allow to sit for a few minutes, then rinse or wipe off
  - A little goes a long way!
- Biodegradable
  - 2-position spray nozzle
  - Made in Switzerland

**DURGOL® KITCHEN CLEANER**  
Perfect for countertops, chrome/steel surfaces, cooktops, microwave interiors, sinks, tiles, oven hoods, high chairs, even garbage cans

- Removes grease, grime, and lime buildup at once
- Pleasant citrus scent
- Food safe

 *I love it. It has taken off stains on my counter tops that no other spray has been able to remove....It also cleaned my kitchen sink really well with no residue. – Jillm*

Sous Vide Cooking

Sous-vide (French for "under vacuum") is a cooking method in which food is placed in a sealed container, usually a vacuum sealed plastic pouch or a glass jar, and cooked in a water bath at a very specific, usually lower, temperature for a longer period (1 to 7 hr) of time. Sometimes even more! The intent is to cook the item evenly, ensuring that the inside is properly cooked without overcooking the outside, while retaining moisture.

Storage/carrying bag included
