

A collection of Frieling wooden bread baskets and a Zassenhaus bread slicer on a wooden table. The baskets are made of light-colored wood with a ribbed design. Some contain whole loaves of bread, while others are empty. The slicer is a dark metal tool with a wooden handle, mounted on a wooden block. It is positioned next to a stack of sliced bread. The background is a rustic stone wall and a black metal chair.

FRIELING ROLLING PINS

These heavy duty rolling pins are crafted of non-porous hardened maple right here in the USA. Pins arrive lightly oiled; the handles are lacquered. Made to last – lifetime warranty.

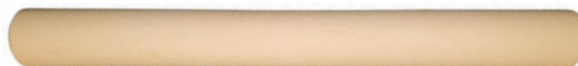

FRENCH ROLLING PIN

The ideal rolling pin for thin and even dough such as pie crust and pastry dough. It also produces perfectly rounded edges. The lightweight and tapered French pin offers greater maneuverability and pivots quickly for fluid movements. You'll enjoy the controlled pressure and increased feel.

CLASSIC ROLLING PIN

Superior quality, classic design for all types of dough (pie crusts, tarts, cookies...). For increased efficiency and longevity, the handles are fitted with rust-proof nylon bushings. To avoid sticky fingers and handles, the handles are lacquered.

STRAIGHT ROLLING PIN

Professional straight dowel design makes this pin perfect for large amounts of dough. We love it for pie crust, cookie, or pasta dough. Despite its large surface area, it allows for utmost precision and control. You'll appreciate the additional leverage that this pin provides. Also great for crushing pretzels, graham crackers, candies, and more.

GRANDE ROLLING PIN

Where weight and size matter, e.g. when working with large amounts of dough, the heavy duty GRANDE comes to your rescue. Fitted with rust-proof nylon bushings for a smooth, even result. The handles are lacquered to keep both hands and handles clean.
