BLACK CUBE™ QUICK RELEASE

This is the original quick release surface for seafood, meat, and vegetables. It cooks like stainless – sears, browns, and sautés, while it cleans like nonstick thanks to its textured surface.

MADE IN
FRANCE

A stainless steel grid, raised above a recessed nonstick base, provides the Quick Release benefit.

Induction ready and safe for all cooktops:

GREASE ABSORBING PARCHMENT PAPER

Absorbs grease, cleans up easily, reduces plumbing costs.

PROBLEM:

Sheet pan full of grease

SOLUTION:
Frieling's Grease Absorbing Paper

BEFORE COOKING

AFTER COOKING

Paper absorbs all grease

- Cooks food crisper and browns better in less time; bacon no longer requires flipping
- For cooking as well as draining excess fats from cooked foods
- Easy clean-up: No more excess grease on baking sheet
- Avoid costly plumbing repairs—let this paper catch the grease, not your drain

Certified food safe—made in Germany

- Free of PFA, PFOS and PFOA
- Proprietary laminated parchment with silicone coated filter paper
- High density of 105g/m², superior wet strength
- Up to 450°F/230°C

FRIELING ROLLING PINS

These heavy duty rolling pins are crafted of non-porous hardened maple right here in the USA. Pins arrive lightly oiled; the handles are lacquered. Made to last – lifetime warranty.

COMMERCIAL ROLLING PIN

For commercial and sheet pan use.

FRENCH ROLLING PIN

The ideal rolling pin for thin and even dough such as pie crust and pastry dough. It also produces perfectly rounded edges. The lightweight and tapered French pin offers greater maneuverability and pivots quickly for fluid movements. You'll enjoy the controlled pressure and increased feel.

CLASSIC ROLLING PIN

Superior quality, classic design for all types of dough (pie crusts, tarts, cookies...). For increased efficiency and longevity, the handles are fitted with rust-proof nylon bushings. To avoid sticky fingers and handles, the handles are lacquered.

STRAIGHT ROLLING PIN

Professional straight dowel design makes this pin perfect for large amounts of dough. We love it for pie crust, cookie, or pasta dough. Despite its large surface area, it allows for utmost precision and control. You'll appreciate the additional leverage that this pin provides. Also great for crushing pretzels, graham crackers, candies, and more.

GRANDE ROLLING PIN

Where weight and size matter, e.g. when working with large amounts of dough, the heavy duty GRANDE comes to your rescue. Fitted with rust-proof nylon bushings for a smooth, even result. The handles are lacquered to keep both hands and handles clean.

"UNIVERSAL" KNIVES

Each knife is exceptionally hand finished using only the finest materials for lasting performance and durability. Manufactured to NSF professional standards. An essential collection for professionals in the butchery, catering, and pastry industries.

- Richardson Sheffield™ knives benefit from a manual leather honing/polishing of the blade edges. This process ensures optimum performance of the cutting edge of each blade.
- Featuring a traditional design with a classic Corbin shape for added protection while cutting, each tool is crafted with soft contours and an optimal fit on the tang. The rounded back of the blade ensures comfort when using.
- Universal blades are MoV stainless steel 5Cr15MoV. The cutting edge of the blades fits all the professional requirements.

NEW

ABS handle, full tang construction, reinforced with three stainless steel rivets, delivers durability and strength.
