SMART SOLUTIONS™

What is the frieling feeling?

The **frieling feeling**™ has provided us guidance since 1988: It's about our commitment to you, our customers. It's about providing a rewarding and empowering workplace for our team. It's about doing what we love. And so much more.

As we launched our new branding in 2021, our new tagline was born: **smart solutions**™. It serves as our constant reminder to offer problem solvers that get the job done and are made to last. Bonus points for being beautiful design objects! Products that are made for the user. Not just another product in another color or shape.

We invite you to browse this catalog. It's bursting with best-selling categories as well as innovation and on-trend design. Let us know what you think!

Monika M. Schnacke
CEO & CO-FOUNDER

Bernard U. Schnacke
CO-FOUNDER

Brands of Distinction

It's a feeling of pride – Frieling is highly selective. We are only interested in true brands of distinction, with original ideas and the highest standards of product quality.

COFFEE IN COLOR

These French Presses look great on any counter or table while producing delicious coffee.

FRENCH PRESSES & ACCESSORIES

WOODEN COFFEE MILLS

Zassenhaus is the leading manufacturer of manual coffee mills, offering a 25-year warranty on the grinding mechanism. For the best cup of coffee, start by manually grinding your coffee beans. When not in use, Zassenhaus coffee mills make a decorative addition to any kitchen.

COFFEE MILL "SANTOS"

Conical burr grinder made of hardened steel. Grinding degree is continuously adjustable with the knurled adjustment knob. Made from walnut hardwood, it features a rich color and elegant grain.

- Capacity of the bean container: 70 g / 2.5 oz.
- 25-year warranty on the grinding mechanism

ITEM #	DESCRIPTION	SIZE	UPC/EAN
M040272	"Santos" Coffee Mill, walnut wood, stainless steel	4.5" x 4.2" x 9.25"	4006528040272

COFFEE MILL "BRASILIA"

This is the original Zassenhaus coffee grinder, still grinding away today! Its hardened steel grinder makes it a true heirloom. Grinding degree is continuously adjustable. The coffee beans are ground very gently to protect all the flavors and vital substances.

- Capacity of the bean container: 50 g / 1.8 oz.
- 25-year warranty on the grinding mechanism

ITEM #	DESCRIPTION	SIZE	UPC/EAN
M040012	"Brasilia" Coffee Mill, dark beech wood, stainless steel	4.7" x 4.9" x 7.8"	4006528040012

COFFEE MILL "SANTIAGO"

Traditional lap mill: In a seated position, place mill in your lap between your thighs. The narrow form and curved sides provide ultimate stability and grinding comfort. Of course, you may just place it on the counter to grind, too! Grinding degree is continuously adjustable.

- Capacity of the bean container: 30 g / 1.1 oz.
- 25-year warranty on the grinding mechanism

ITEM #	DESCRIPTION	SIZE	UPC/EAN
M040098	"Santiago" Coffee Mill, natural beech wood, stainless steel	3.5" x 5.5" x 7.8"	4006528040098

Zassenhaus' precision ceramic grinding mechanism carefully grinds the coffee beans without overheating, thus preserving their delicate aroma.

COFFEE MILL "MANAOS"

- Manual mill with a slender silhouette designed by the award-winning Kurz design team
- 18 grinding settings from very fine to coarse guarantee the perfect preparation of any and all coffee drinks, consistently
- Fill the container with up to 2.5 oz. (70 g) of coffee beans, then effortlessly turn the crank. The ground coffee collects in the practical container
- Removable crank for space-saving storage
- Stainless steel and high quality plastic
- 25-year warranty on the grinding mechanism

ITEM #	DESCRIPTION	HEIGHT	UPC/EAN
M041156	"Manaos" Coffee Mill, stainless steel, glass, plastic	9.5"	4006528041156

DIGITAL COFFEE SCALE "EXPERT"

Measures everything from as little as a tenth of a gram all the way up to 6.6 lb. Perfect for weighing not only coffee and tea, but anything that requires exact weights.

- Change between ounces, grams, and milliliters with the switch of a button
- Add and weigh (tare function)
- Sensor touch control panel
- Heat resistant weighing surface up to 275°F (135°C)
- Overload indication and automatic switch-off
- Rechargeable lithium-ion battery (includes USB-C charging cable)
- Max. capacity: 6.6 lb./3,000 g

EASY CLEAN TEA INFUSER

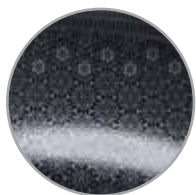

More and more tea drinkers stop using tea bags for health and improved aroma reasons. Stainless steel is safe and imparts no flavor.

- Removable bottom for no fuss cleanup
- For cups, mugs, and teapots with an opening of 2.5 to 3.75" dia.
- Smooth, micro-etched stainless steel surface eliminates residue build-up
- 18/8 stainless steel, dishwasher safe

frieling

CeramicQR™ QUICK RELEASE

You can rely on CeramicQR™ from breakfast through dinner for frying up bacon and sausage, searing and browning meats, making grilled cheese, French toast, sautéing vegetables, pan sauces, and more. The Quick Release advantage makes CeramicQR™ a winner!

Cooks like stainless – cleans like nonstick, thanks to its textured surface. A stainless steel grid, raised above a recessed nonstick base, provides the Quick Release™ benefit.

Ceramic + Stainless

Dishwasher safe

Metal utensil safe

Induction ready and safe for all cooktops

Oven safe up to 540° F

Satin exterior

Riveted handle

3-ply bonded construction delivers unparalleled durability

Induction ready and safe for all cooktops:

For safe and healthy cooking

- Ahead of the curve: Compliant with the latest regulations: Contains no PFAS
- Revolutionary ceramic coating combined with stainless steel pixels
- Silicone-free
- Exceptionally durable
- Scratch and heat resistant
- Metal utensil safe

Browns and releases perfectly

- Textured stainless steel + ceramic surface for perfect browning and searing as well as quick release of your culinary creations
- High performance bonded 3-ply stainless-aluminum-stainless construction delivers unparalleled durability
- Easy to use and easy to clean up; no need for pre-seasoning
- Provides rapid heat conduction with precise temperature control

Wait, there's more!

- Oven safe up to 540 °F
- Suitable for all cooktops, including induction
- Dishwasher safe
- Will not suddenly start to stick, discolor, or chip (unlike most ceramic cookware)
- Riveted handle
- Limited lifetime warranty
- Made in France

Ceramic + Stainless

NO PFAS

NO SILICONE

FRIELING ROLLING PINS

These heavy duty rolling pins are crafted of non-porous hardened maple right here in the USA. Pins arrive lightly oiled; the handles are lacquered. Made to last – lifetime warranty.

FRENCH ROLLING PIN

The ideal rolling pin for thin and even dough such as pie crust and pastry dough. It also produces perfectly rounded edges. The lightweight and tapered French pin offers greater maneuverability and pivots quickly for fluid movements. You'll enjoy the controlled pressure and increased feel.

STRAIGHT ROLLING PIN

Professional straight dowel design makes this pin perfect for large amounts of dough. We love it for pie crust, cookie, or pasta dough. Despite its large surface area, it allows for utmost precision and control. You'll appreciate the additional leverage that this pin provides. Also great for crushing pretzels, graham crackers, candies, and more.

CLASSIC ROLLING PIN

Superior quality, classic design for all types of dough (pie crusts, tarts, cookies...). For increased efficiency and longevity, the handles are fitted with rust-proof nylon bushings. To avoid sticky fingers and handles, the handles are lacquered.

GRANDE ROLLING PIN

Where weight and size matter, e.g. when working with large amounts of dough, the heavy duty GRANDE comes to your rescue. Fitted with rust-proof nylon bushings for a smooth, even result. The handles are lacquered to keep both hands and handles clean.

COMMERCIAL ROLLING PIN

For commercial and sheet pan use.

PARCHMENT PAPER

MADE IN

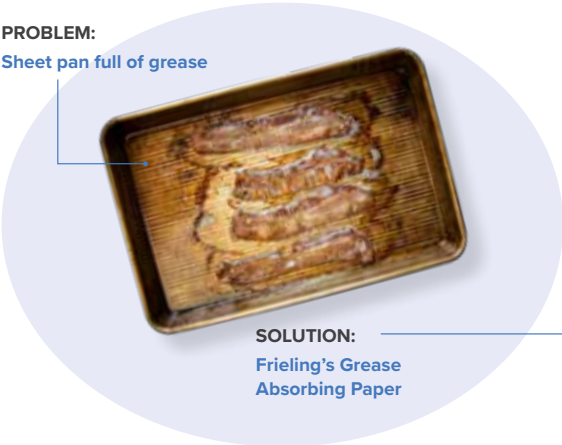

GERMANY

GREASE ABSORBING PARCHMENT PAPER

Absorbs grease, cleans up easily, reduces plumbing costs.

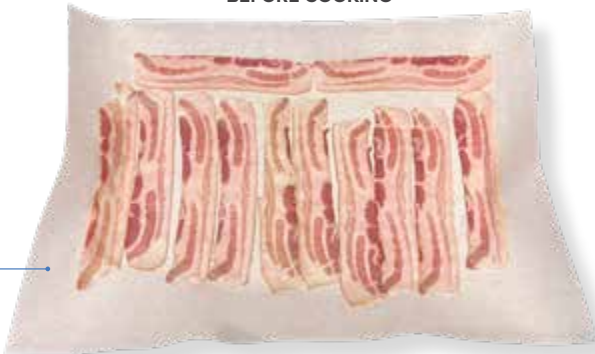

PROBLEM:

Sheet pan full of grease

SOLUTION:
Frieling's Grease
Absorbing Paper

BEFORE COOKING

AFTER COOKING

Paper absorbs all grease

- Cooks food crisper and browns better in less time; bacon no longer requires flipping
- For cooking as well as draining excess fats from cooked foods
- Easy clean-up: No more excess grease on baking sheet
- Avoid costly plumbing repairs—let this paper catch the grease, not your drain

Certified food safe—made in Germany

- Free of PFA, PFOS and PFOA
- Proprietary laminated parchment with silicone coated filter paper
- High density of 105g/m², superior wet strength
- Up to 450°F/230°C

More than a century ago, Zassenhaus was already crafting high-quality bread slicers, guided by a dedication to precision and craftsmanship. Fast forward, and drawing inspiration from this heritage, Stefan Schmitz, owner of Zassenhaus Germany, set out to thoughtfully revive and refine this historic solution for the perfect slice—honoring its legacy while enhancing its performance for today.

After extensive research and development, the VINTAGE and CLASSIC models were born. Celebrated by bread bakers around the world, these slicers have found particular resonance amid the enduring sourdough movement in the United States. Built to perform with confidence for generations to come, they are designed to handle even the crunchiest crusts with ease.

BREAD SLICERS "CLASSIC"

BLACK

THE ORIGINAL

BREAD SLICERS "CLASSIC"

A nostalgic, yet fully functional, manual bread slicer that turns every loaf into perfect slices. It delivers cleaner, faster, and more consistent results than any bread knife ever will. Once you experience it, you'll wonder how you ever lived without it!

- A bestseller and a must-have for bread bakers
- The difference is in the blade: Unlike others, our blade is made of premium hardened 440 stainless steel. It is produced in the renowned steel town of Solingen, Germany, with a special serrated edge. This blade delivers exceptional sharpness, superior edge retention, and effortless slicing for many years to come.
- Infinitely adjustable for slices from paper thin to 0.7" thick. Simply turn the knob to the desired thickness, then turn the handle as you guide the bread along the blade.
- Smooth, gear-driven mechanism ensures controlled, uniform slices every time
- Held securely in place thanks to 4 suction cups
- Should they ever be needed, spare parts are available
- Solid, pressure-cast construction with smooth beechwood board and handle
- 5-year warranty

BREAD SLICER "VINTAGE"

 ZASSENHAUS

Perfect for sourdough, baguettes, artisan crusty breads, and bagels as well as softer breads.

BREAD SLICERS

 ZASSENHAUS

Precision slicing made simple – just turn the crank to achieve uniform slices with minimal effort

Adjustable thickness dial allows you to customize each slice to your preference, from ultra-thin to a generous 3/4"

Base folds up for space-saving storage

Built-in, removable crumb tray neatly collects crumbs during slicing

Sleek chrome-plated finish ensures effortless cleaning and lasting shine

Six integrated suction cups provide a stable, non-slip grip on your countertop for safe and steady operation

Unique arm feature that holds and guides the bread slice

Elegant solid beech wood base features a lacquered surface for easy care

BREAD SLICER "VINTAGE"

Whether you're slicing your own artisan sourdough, rustic rye, or a crusty country loaf, this slicer honors every crumb of your creation. Say goodbye to uneven, squashed slices and the frustration of dull knives. With precise, adjustable thickness control—up to 0.75 inches—you decide whether you want whisper-thin toast or hearty sandwich slabs. Slice only what you need, when you need it, and keep the rest of your loaf fresh.

- A bestseller and a must-have for bread bakers

BROTFORMS

Letting bread dough rise in a Brotform is a time-honored tradition—and for good reason. A classic Brotform helps create a beautifully shaped loaf with artisanal character, while supporting the dough as it rises:

- Imprints a distinctive coil-shaped, ribbed pattern for an authentic artisan finish—perfect for crusty European breads and sourdough
- Perfect for the final rise: Encourages proper structure and shape while gently wicking away excess moisture from the dough
- Sturdy yet lightweight construction designed for years of reliable use
- Doubles as an attractive serving basket for bread at the table
- Crafted from natural cane (rattan)

Use:
Lightly flour the inside of the Brotform. Place the dough inside, cover, and allow it to rise. Once proofed, turn the dough out onto a baking sheet or into a Dutch oven for baking.

Care:
Shake out excess flour after use. If dough is stuck to it, wait for it to dry, then remove it with a brush. As needed, wash occasionally with warm water and a brush, no soap. Allow the Brotform to dry completely before storage.

BREAD & BAKING ACCESSORIES

COTTON LINERS

MADE IN

POLAND

- A practical addition to any Brotform, especially when working with high-hydration doughs (80% or higher)
- Allows dough to release easily, making it easier to turn dough out after final rise
- Creates a smooth surface on the final bread loaf—creating an ideal blank canvas for scoring and decorative designs
- Contoured to fit the shape of each corresponding Brotform
- Made from seamless, machine washable 100% cotton

SALT, PEPPER & SPICE MILLS WITH PRECISION CERAMIC GRINDING MECHANISM

Since its founding in 1867, generations of Zassenhaus engineers and designers have been dedicated to crafting premium spice mills, coffee mills, bread slicers, and other high-quality kitchen tools.

In 2000, Zassenhaus introduced the patented CERA PLUS grinding mechanism, which remains a best-selling hallmark of the brand today. Made in Germany, this high-precision ceramic mechanism is harder than steel, ensuring consistent results with every turn—from ultra-fine to extra-coarse and everything in between. Its ingenious two-stage grinding process enhances flavor by cracking spices first and then cutting them, rather than crushing them (see below illustration). Grind settings are easily adjusted using a dial located at the base of each mill. It will remain at its chosen setting until the user decides to change it and not before.

NEW

SALT & PEPPER MILLS "WESTERLAND"

- Design inspired by the famous lighthouse on the island Sylt in the Northern Sea
- Made of lacquered beech wood with solid oak top
- See more features and benefits above
- 25-year warranty on ceramic grinding mechanism

NATURAL ACACIA & RUBBERWOOD SERVEWARE

Our acacia bowls are sustainably harvested in Thailand, while our rubberwood bowls are crafted from responsibly sourced wood in Vietnam. Each piece features a unique natural grain, making it well suited for both home and restaurant settings. For care, hand wash and dry thoroughly. To preserve the wood’s beauty and prevent it from drying out, apply a light coat of food-safe mineral oil as needed.

FAIR TRADE VIRGIN WOOL TRIVETS

Fair Trade – WFTO – certified

With each sale of a Fair Trade certified Wool Trivet, you support a social project in Nepal: Women near Kathmandu make these pretty trivets by hand following old tradition. Fair Trade criteria are maintained as certified by the World Fair Trade Organization (WFTO) and include fair pay, no child labor, no discrimination, gender equality, protection of the environment, transparency, among other important aspects.

Earth friendly

- You're helping the planet, too, since we are using only lab-tested azo-free dyes
- Free of common textile chemicals and azo dyes

Simply fabulous trivets

- 100% virgin sheep's wool
- Lots and lots of small wool balls are tightly sewn together to form the most decorative trivets yet
- Heat resistant up to 212 °F
- Hand wash only
- Made in Nepal

ELEVATED DESIGN. ADVANCED PERFORMANCE.

Davanti by Frieling placemats combine sophisticated style with innovative functionality.

Embedded copper nanoparticles help reduce contamination, providing invisible yet powerful protection. Designed for effortless maintenance, each placemat wipes clean easily and features a **naturally anti-slip surface**. The “Mattola” style is even commercial dishwasher safe.

Available in a wide range of beautiful designs and colors, Davanti by Frieling placemats enhance any table setting—from residential dining to hospitality and institutional environments. Expertly crafted for lasting durability, DAVANTI placemats ensure a flawless presentation with **edges that never fray**.

Manufactured in Chile in a state-of-the-art facility, these placemats are produced using high-quality, phthalate-free materials specially formulated for food contact. Fully recyclable and responsibly made in a solar-powered plant, they reflect a commitment to quality, sustainability, and modern design.

Copper is scientifically smart

We incorporate copper nanoparticles directly into our extrusion process to deliver powerful, proven antimicrobial performance—built right in, not applied later.

Scientific studies show that copper can **eliminate up to 99.9% of harmful bacteria**, including *E. coli* and *MRSA*, within just two hours of contact. In recognition of this effectiveness, the U.S. Environmental Protection Agency (EPA) has officially registered copper as the **first and only solid antimicrobial material**.

Unlike coatings that wear off over time, copper’s antimicrobial properties are continuous and long-lasting. That’s why copper surfaces are trusted in hospitals and laboratories—and why they’re now being adopted by forward-thinking restaurants that prioritize cleanliness, safety, and innovation.

CARE INSTRUCTIONS

Our vinyl placemats are designed for everyday use and are resistant to spills, making them easy to clean. However, certain substances, such as tomato sauce, curry, red wine, coffee, and highly pigmented foods or inks, may cause staining if left on the surface for an extended period. These stains do not affect product performance but may alter appearance.

Use & Care:

- Clean promptly to keep placemats looking their best
- Wipe clean with a damp cloth and mild soap
- Avoid bleach, harsh cleaners, or abrasive scrubbers
- Do not fold or roll – only store flat
- Only MATTOLA is *commercial* dishwasher safe – not for use in residential dishwasher

"UNIVERSAL" KNIVES

Each Richardson Sheffield™ knife is meticulously hand-finished using the finest materials to ensure lasting performance and exceptional durability. Manufactured to NSF professional standards. An essential collection for professionals.

- Every blade undergoes a manual leather honing and polishing process, delivering an exceptionally sharp and reliable cutting edge.
- The classic Corbin shape provides added protection while cutting, with soft contours and an ergonomic tang for a comfortable, secure grip. The rounded back of each blade enhances ease of use during extended tasks.
- Crafted from premium MoV stainless steel (5Cr15MoV), these blades meet the highest professional standards combining precision, strength, and lasting edge retention.

ABS handle, full tang construction, reinforced with three stainless steel rivets, delivers durability and strength.
