ENAMELED CAST IRON COOKWARE

This high-quality cast iron collection features a durable enamel coating inside and out for long-lasting performance. It offers excellent heat distribution and heat retention, which helps save energy. The matte enamel finish on the inside has many advantages beyond its ease of use, such as: It never needs seasoning, it does not react to acidic foods like tomatoes, it does not absorb flavors, in fact it helps enhance flavors and aromas. This line is exceptionally versatile for all types of cuisine and suitable for all stovetops including induction and grill use. The tight-fitting lid is equipped with a stainless steel knob that is oven-safe up to 500°F. Both pots and lids are dishwasher safe, although hand washing is recommended to retain the desirable patina. 30-year warranty.

"TREND" MULTI-PURPOSE JAR SPATULAS

Versatility wins, thanks to a flexible blade and extra-long handle:

- Easily empty every last bit of food even out of narrow mustard or mayonnaise jars and taller bottles
- Feed sourdough starter: Swiftly mix starter, water, and flour. Also ideal for removing 100% of starter from the jar.
- Stir sauces and mix ingredients, then leave nothing behind when transferring the contents
- Use in non-stick coated cookware (heat resistant up to 520°F)
- Dishwasher safe high-quality silicone
