SPRING "BRIGADE ULTIMATE" FRY PANS

Founded in Switzerland in 1946, Spring is best known for its highest quality cookware used in the best hotels and restaurants around the world.

SPRING developed the exceptionally versatile **BRIGADE ULTIMATE** fry pan for all cooking applications and everyday commercial use. Professional chefs in Europe are giving this innovative line 5-star reviews. Now also available in North America:

- **BRIGADE ULTIMATE** is **deliberately coating-free** thanks to proprietary advanced technology applied directly to the cooking surface
- The result is a particularly durable fry pan that does it all, from delicate eggs and fish to searing meats at higher temperatures
- **Natural non-stick effect:** Before each use, simply add a few drops of cooking oil – that's all it takes to create a natural non-stick surface
- No PFAS, no PFOA, no lead, no cadmium
- **5-ply** bonded stainless steel construction with a triple aluminum core

BREAD SLICER "VINTAGE"

Whether you're slicing your own artisan sourdough, rustic rye, or a crusty country loaf, this slicer honors every crumb of your creation. Say goodbye to uneven, squashed slices and the frustration of dull knives. With precise, adjustable thickness control—up to 0.75 inches—you decide whether you want whisper-thin toast or hearty sandwich slabs. Slice only what you need, when you need it, and keep the rest of your loaf fresh.

- A bestseller and a must-have for bread bakers
- The difference is in the blade: Unlike others, our blade is made of premium hardened 440 stainless steel. It is produced in the renowned steel town of Solingen, Germany, with a special serrated edge. This blade delivers exceptional sharpness, superior edge retention, and effortless slicing for many years to come.
- Infinitely adjustable for slices from paper thin to 0.75" thick. Simply turn the knob to the desired thickness, then turn the handle as you guide the bread along the blade.
- Held securely in place thanks to 6 suction cups
- 5-year warranty

Precision slicing made simple – just turn the crank to achieve uniform slices with minimal effort

Adjustable thickness dial allows you to customize each slice to your preference, from ultra-thin to a generous 3/4"

Base folds up for space-saving storage

Built-in, removable crumb tray neatly collects crumbs during slicing

NEW

Six integrated suction cups provide a stable, non-slip grip on your countertop for safe and steady operation

Unique arm feature that holds and guides the bread slice

Elegant solid red oak wood base features a lacquered surface for easy care

See the full assortment of Bread Slicers beginning on page 58 of our 2026 main catalog.
